<u>REMARKS</u>

Claims 1, 4-10, 14-20, 22-24, 26, 28-34, 36, and 37 are currently pending in the present

application. Claims 1, 6, 7, 10, 14, 22, 30, 36, and 37 are independent claims. In the Office

Action mailed on September 8, 2005, Claims 10, 14-20, 30-34, and 36 are allowed; Claims 1,

6-8, 22-24, 26, 29, and 37 stand rejected over Rause (U.S. Patent No. 3,156,988); and Claims 5,

9, and 28 were found to contain patentable subject matter and to be allowable if rewritten in

independent form. The applicants thank the Examiner for his thorough review of the present

application.

In order to facilitate allowance of the application and a quicker issuance, the applicants

herein amend independent Claim 1 to include the limitations from Claim 9 and amends

independent Claim 22 to include the limitations from Claim 28. Claims 9 and 28 are therefore

canceled and these claims, including their dependent claims, are therefore believed to be in

condition for allowance. Claims 5, 6, 7, and 37 are also canceled so that all of the remaining

claims are believed to have been found allowable by the Examiner.

In addition to the amendments to Claims 1 and 22 described above, a number of minor

and obvious amendments to the claims have been made, as shown above, that are believed to

simply clarify the claims, without changing the scope of the claims or adding any new matter.

In addition, dependent Claim 8 is herein amended to delete the phrase "orthogonally from

said toe region or said heel region of said outsole body in a selected amount." It was believed

that this phrase was not needed for patentability and introduced undue ambiguity into the

intended meaning and scope of Claim 8.

After entry of these amendments, Claims 1, 4, 8, 10, 14-20, 22-24, 26, 29, 30-34, and 36

remain pending. All of these claims have been found to be allowable. Entry of the amendments

and a favorable disposition are therefore respectfully requested.
